TRANS POLAND SP.Z.O.O

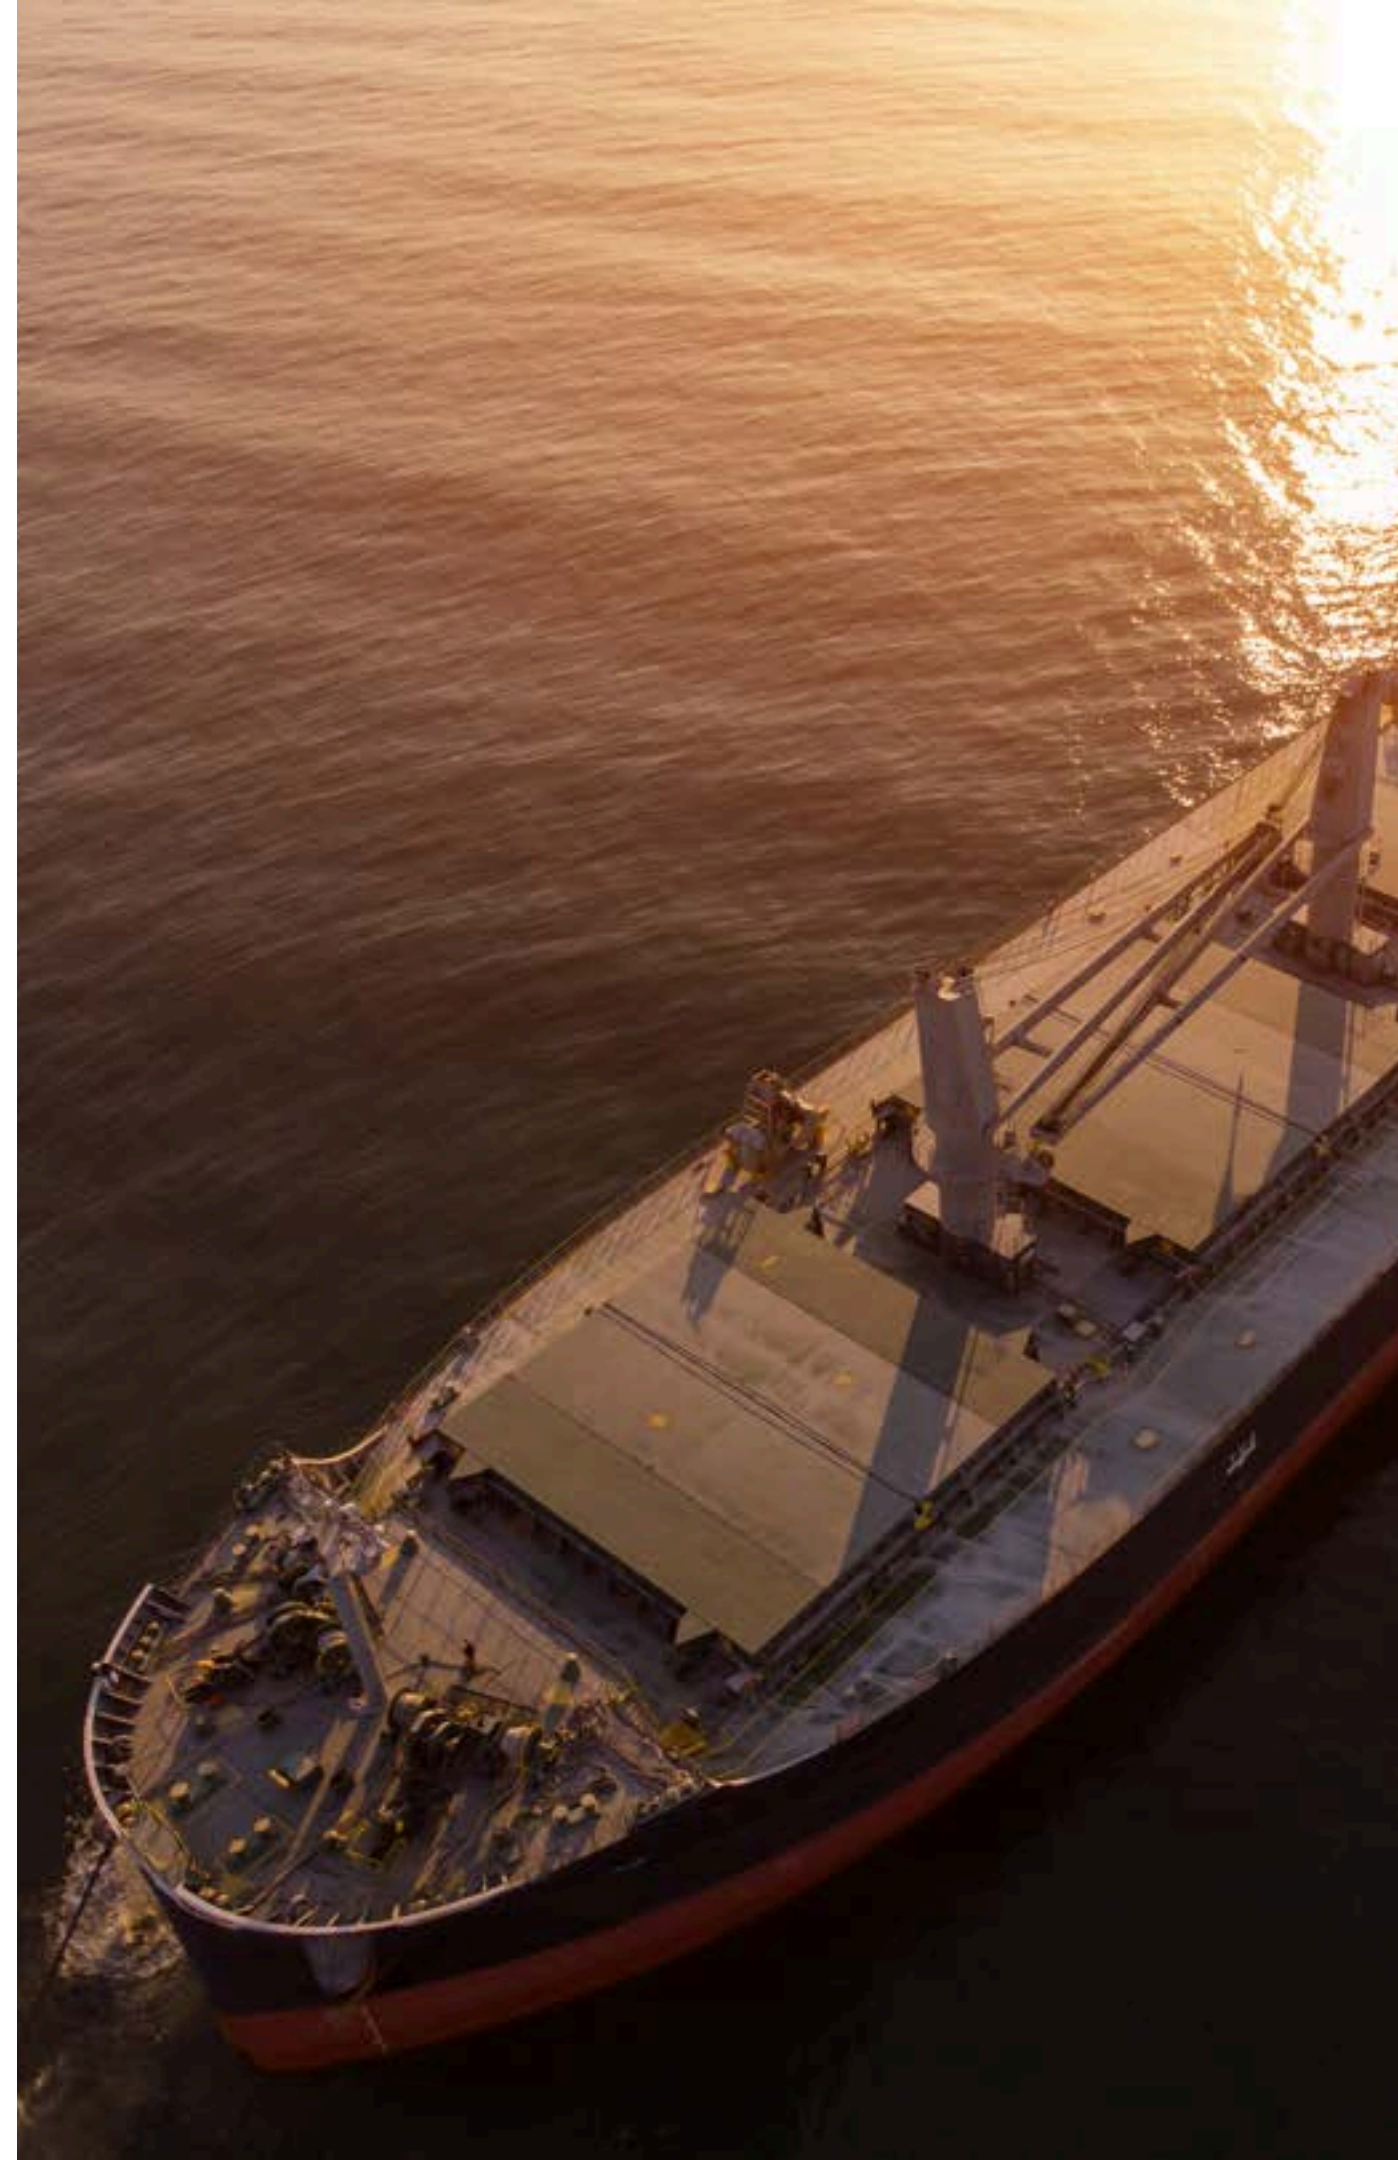

Your Trusted Partner in Agricultural
Trade and Logistics Solutions

NTK TRANS POLAND SP ZO.O.

is a fast-growing and innovative company specializing in the trade and transportation of agricultural products.

We pride ourselves on our commitment to excellence, reliability, and customer satisfaction.

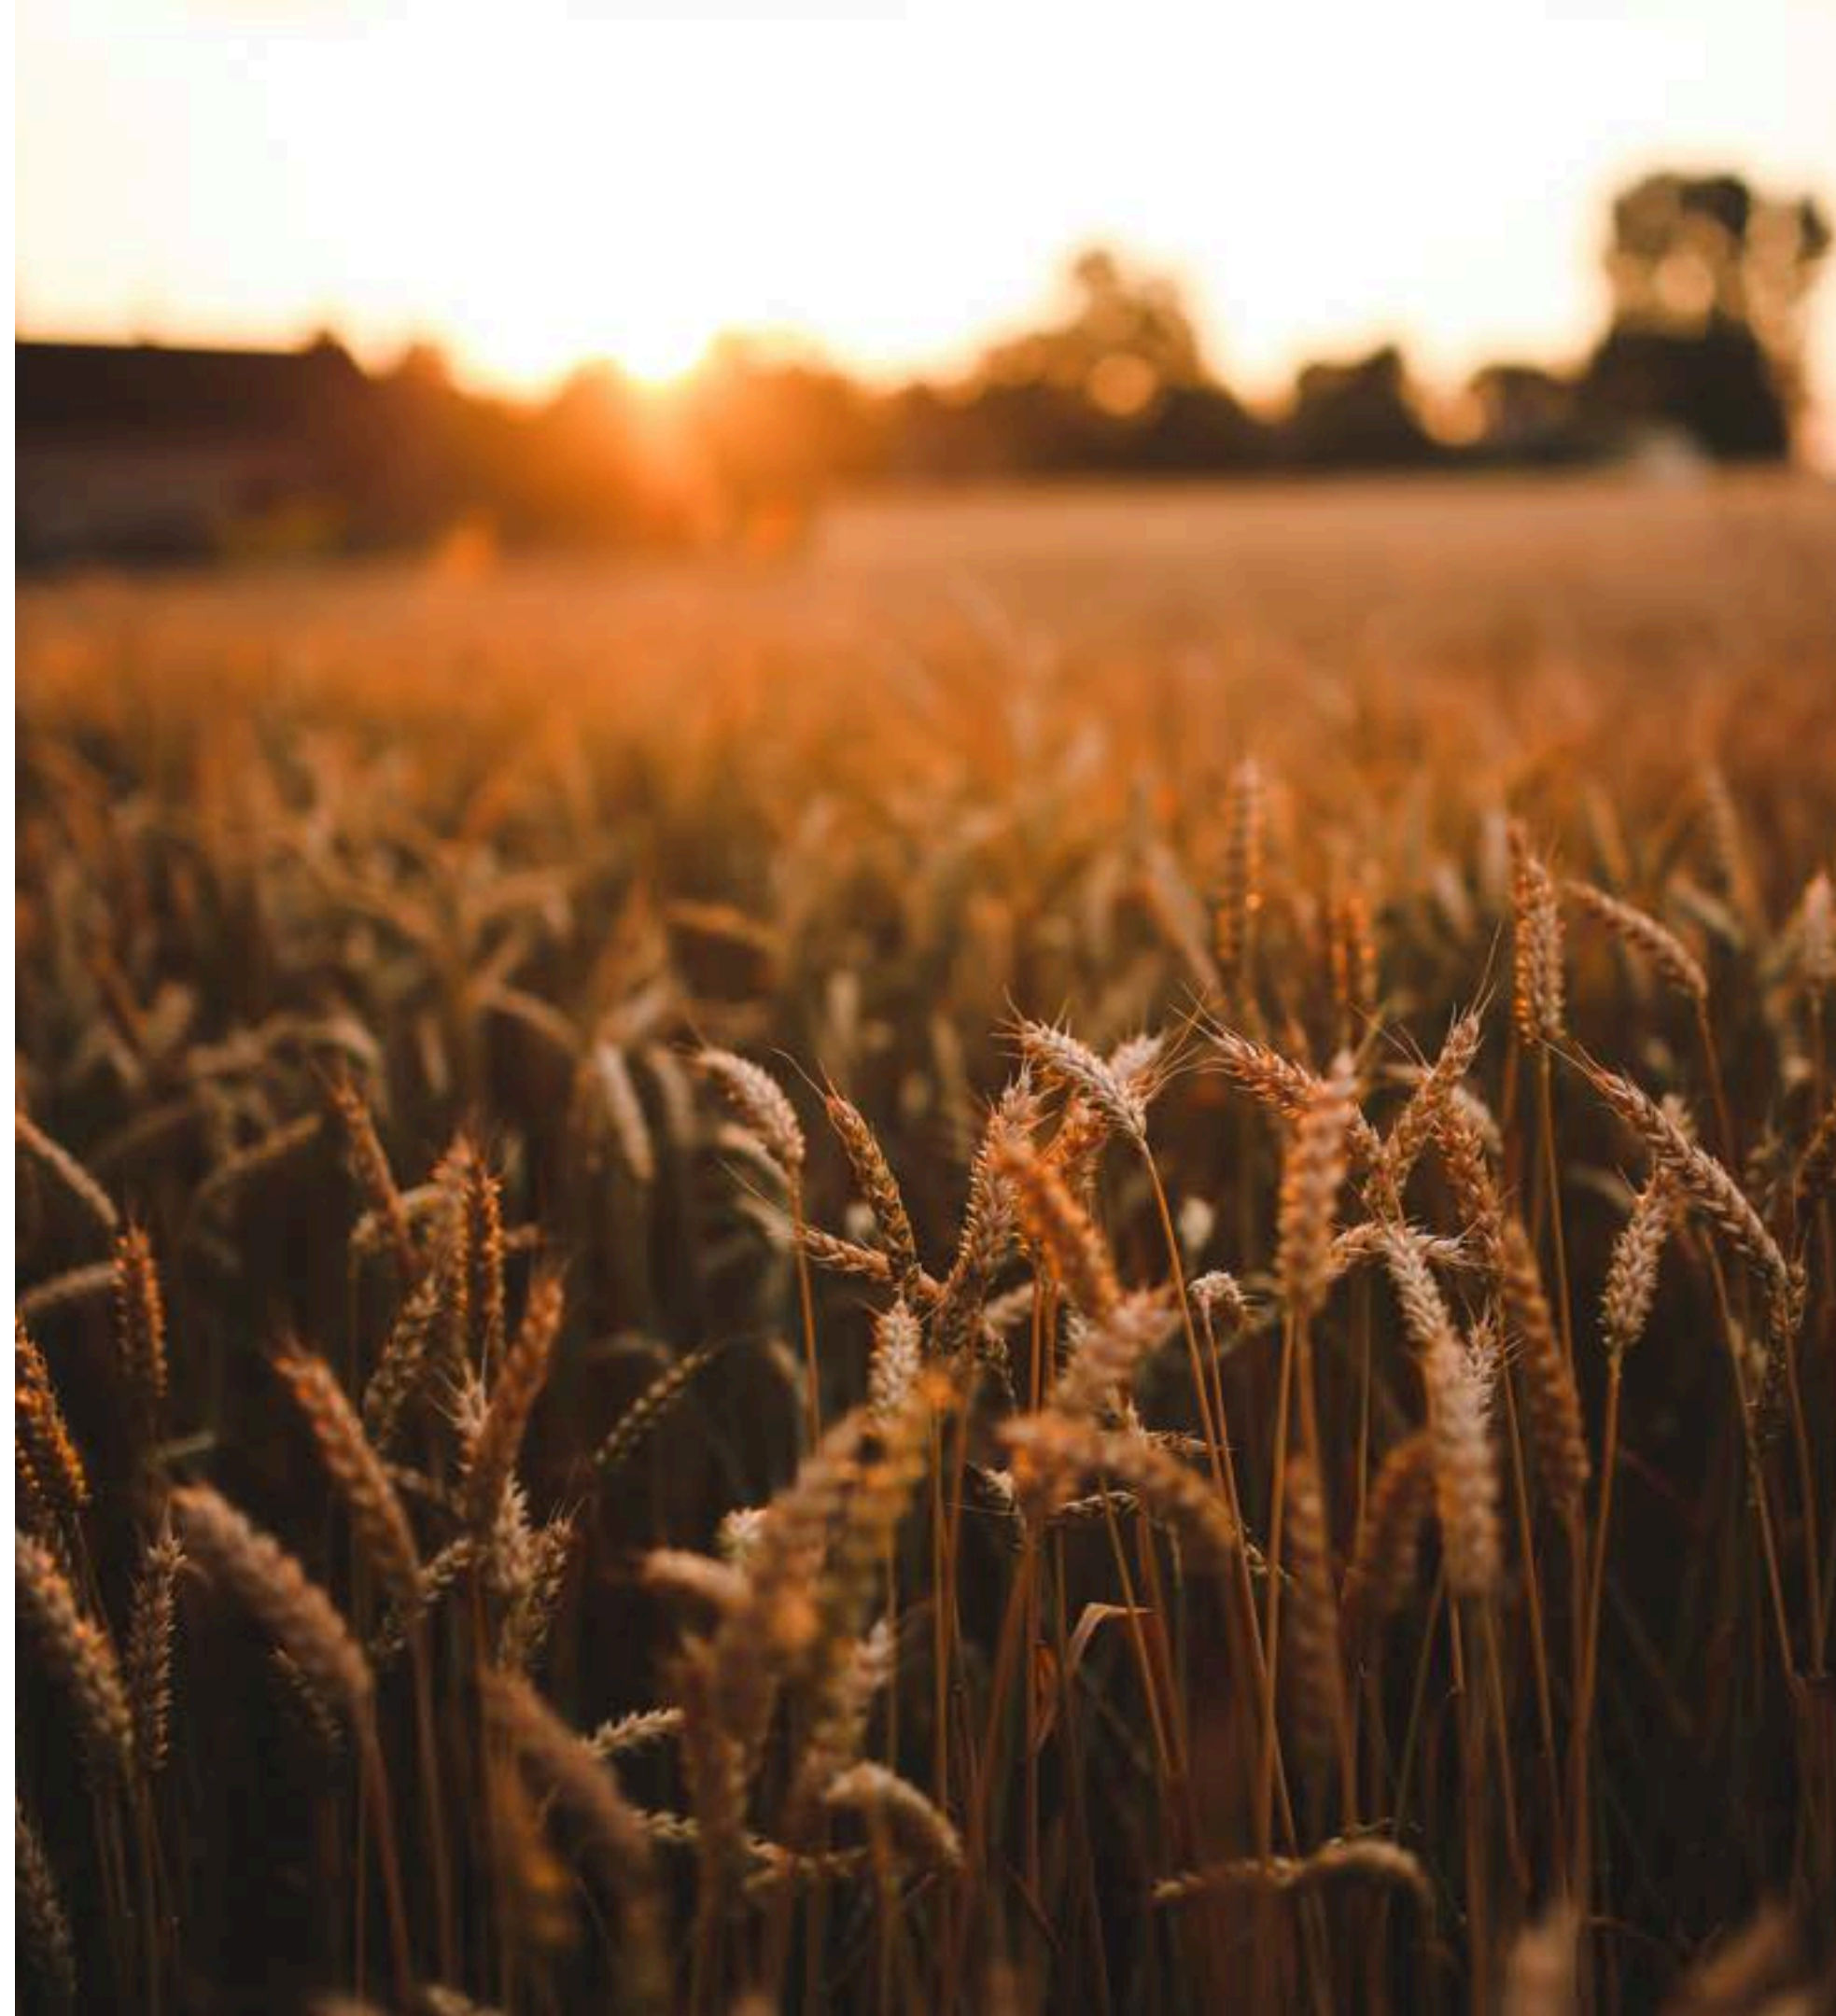

Our focus is on providing tailored solutions to meet the specific needs of each client, ensuring high quality, timely delivery, and a competitive edge in the market.

OUR SERVICES:

Grain Sales:

We supply top-quality Corn, Wheat, and Rapeseed to global markets.

OUR SERVICES:

Sunflower Oil Sales:

Offering a variety of packaging options (1L, 2L, 5L, 20L, and flexitanks), our sunflower oil is customized to fit the individual needs of each client.

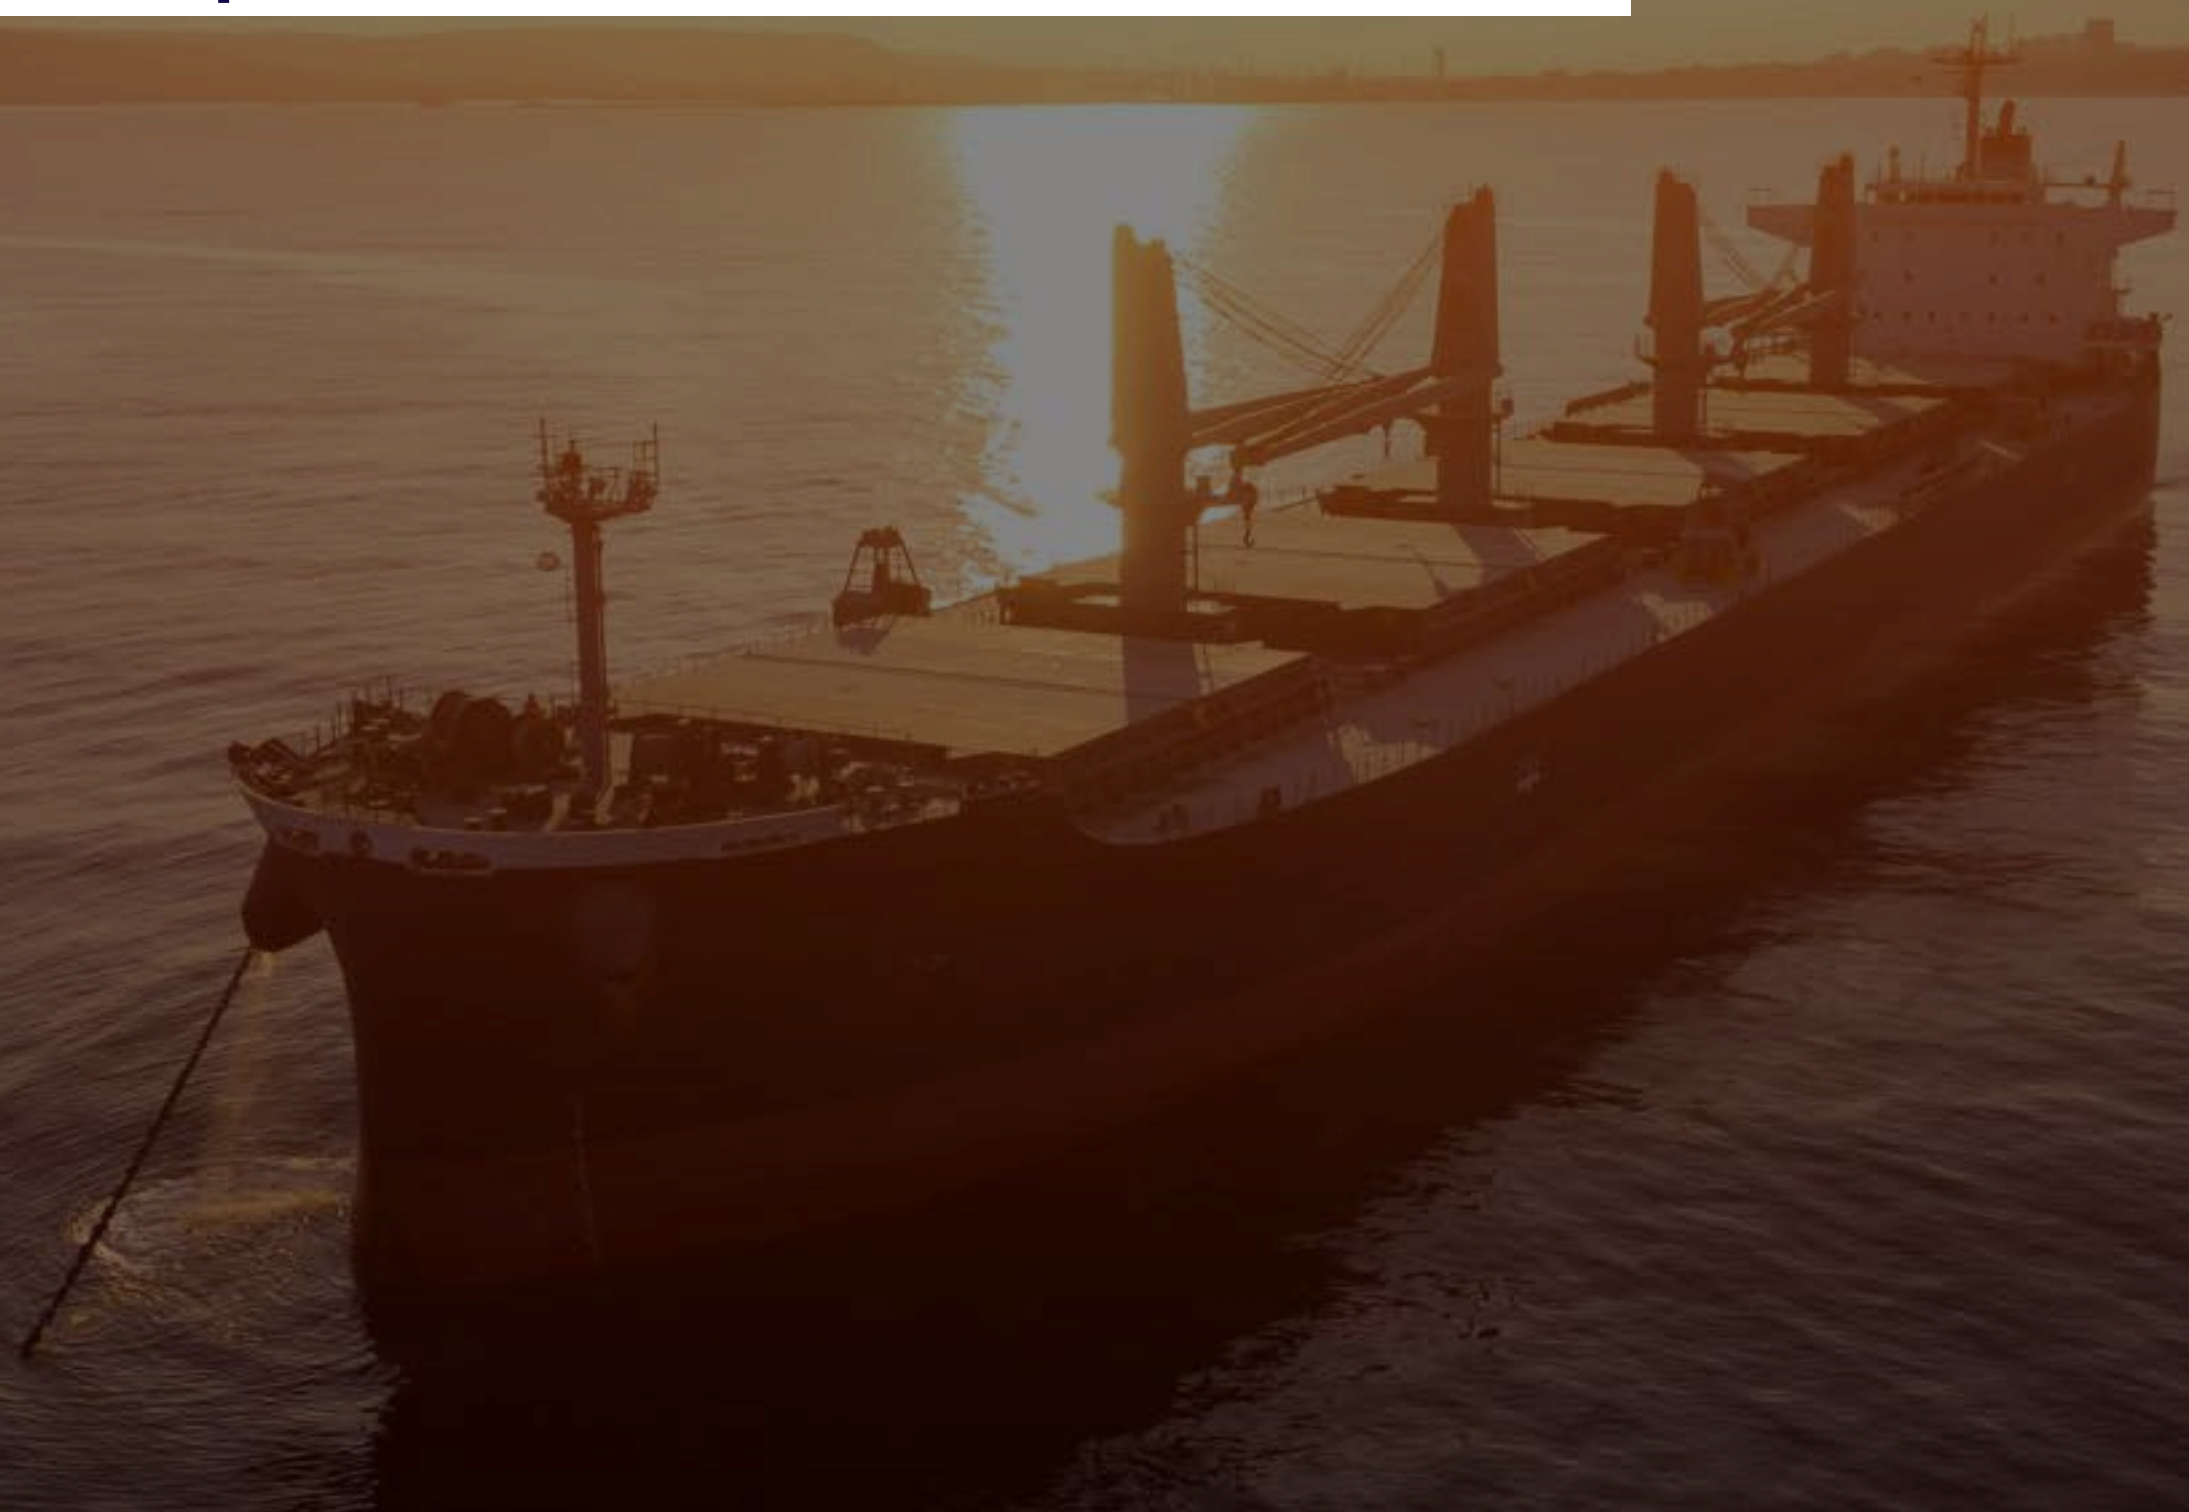

OUR SERVICES:

Transportation:

- Maritime Transport via bulk carriers and containers
- Rail Transport through an extensive network of wagons across Europe

We manage all logistical aspects,
ensuring the safe and efficient delivery
of cargo in optimal timeframes.

TRANS POLAND SP.Z.O.O

FULL-CYCLE BUSINESS SYSTEM IN THE EUROPEAN UNION

NTK TRANS POLAND as created and successfully uses a full-cycle business system in the European Union for the delivery of goods from sender to receiver, as well as the delivery of finished products and raw materials to consumers. This approach enables customers to purchase high quality services at a competitive price.

QUALITY APPROACH TO WORK

NTK TRANS POLAND is registered in Poland, uses modern technologies in marketing, develops multi-modal transportation, international trade networks and Internet resources, trade, logistics and advertising support for its partners.

DIRECT CONTRACTS WITH EASTERN EUROPEAN COUNTRIES

The company has direct contracts with carriers in Poland, Romania, Moldova and Ukraine. This makes it possible to significantly reduce the cost of delivery. At the same time the quality of services is constantly being improved.

CLIENTS OF NTK TRANS POLAND

can order the company's delivery services by rail, road and sea; warehousing logistics; purchase of finished products (for example: cooking salt, diesel fuel, fertilizer).

Each client is given an ideal solution for the delivery of his cargo.
